UTC Roller Range 5 year pro-rata warranty

DP Daisy Power Electric roller, battery powered AC charge + solar models

BUDDY Cost effective for small pools

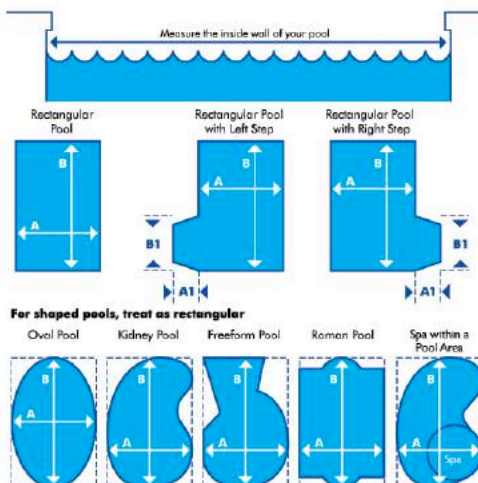

UTC75 Cost effective for small to medium pools

3 Pool size

Simply decide on the essential details,
(1) type of blanket (2) roller system
(3) pool size: Length (B) X width (A) (+ step area)
= Total square metres.

Ask for a quote let's say - 52m2 S8B with an ST roller.

Take into account if your pool is indoors or outside. Do you need more heat or less or have leaf debris. Remember your roller adds years to the life of the blanket. Does your pool have non-standard features? These are some determining facts you need to discuss with us.
